

200E economy LED projector for graphics/symbols.

- Full aluminum alloy metal shell, high structural strength.
- Heat conduction tube and air cooling technology.
- IP65 for outdoor use (to be protected from direct exposure of rain and snow)
- CREE super high power LED chip.
- 73mm large caliber lens.
- Multi-layer coated ultra-clear lens, clear and natural imaging.
- Graphics can be rotated, with switch control button.

Model	P200e
LED type	CREED LED
LED power	200W
Life time	50.000h
Luminos	22.000Lm
Filter size	66mm
Power supply	Meanwell
Rated voltage	220V
Owerall power	200W
IP-rating	IP65
Body size	40x25x35cm + bracket
Weight	9 kg
Shipment size	66x32x54cm
Lenses	13°, 20°, 25°, 30°, 53,5°

Lens ratios:

13° lens = 1:0.22

20° lens = 1:0.32

25° lens = 1:0.42

30° lens = 1:0.55

53.5° lens = 1:1
